Our Vision: Mentally healthy people in a healthy society

Founded in 1918, the Canadian Mental Health Association (CMHA) is a national charity that helps maintain and improve mental health for all Canadians. As the nation-wide leader and champion for mental health, CMHA promotes the mental health of all and supports the resilience and recovery of people experiencing mental illness.

In BC, mental health, substance use and addictive behaviour are within the scope of the organization.

Through our family of over 100 local, provincial and national locations across Canada, CMHA provides a wide range of innovative services and supports tailored to and in partnership with our communities. Mental health begins where you live, learn, work and play. Together, we are making a difference.

"CMHA is very, very helpful by just being here. A place to come to, feel welcome and be respected for who I am."

The benefits of membership

Provide hope and help to people affected by mental illness

Mental illness can cost a person their family, friends, job, education, physical health, and in some cases, their life.

CMHA's 14 branches throughout BC are here to help support people with mental illness and their families on their journey to recovery. We believe everyone deserves a home, a job and a friend.

Across BC, CMHA provides help and hope through direct services.

Promote mental health for all and prevent mental illness

Many people with mental illness never receive the treatment and support they need because they are unaware of the signs of mental illness and treatments available, or are ashamed to seek help.

CMHA helps battle misconceptions, empower people to seek help, and raise broad awareness around maintaining good mental health.
